

SUPPLIER EVALUATION AND CLASSIFICATION PROCESS

In compliance with the requirements of ISO 9001:2015, the PVS Portugal Group conducts an annual evaluation of its Suppliers and Partners, recognized as relevant stakeholders within our Quality Management System. The purpose of this evaluation is to ensure that all suppliers who influence the quality of our products and services are qualified, continuously monitored, and meet our expectations and requirements.

Evaluation Parameters and Weightings:

<i>PARAMETERS</i>	<i>PONDERAÇÃO</i>
Price	20%
Delivery performance (Deadline fulfilment)	25%
Supply conformity	25%
Technical Specifications/Information	10%
Complaints	10%
Communication	10%

Each supplier's performance is assessed based on the parameters above.

Following the evaluation, suppliers are classified according to the final score achieved. Where a supplier receives a rating below "Acceptable Supplier", corrective or improvement actions must be implemented to prevent future nonconformities.

Evaluation Scale and Supplier Classification:

<i>VALUATION SCALE (%)</i>	<i>EVALUATION SCALE (%)</i>
95 a 100	Preferred Supplier
71 a 94	Acceptable Supplier
50 a 70	Supplier Appeal (with reservations and unless decided by the Administration)
0 a 49	Supplier not accepted
